A Message from our CEO

At Legacy Treatment Services, we have faced the COVID-19 pandemic with a view toward the future. As cases of the coronavirus began presenting early this spring and impacting our consumers who were already vulnerable and marginalized, we knew our work and mission was more important than ever.

Our exceptional workforce has continued to answer the call with a resounding commitment to fulfill our mission - to change the social service outcomes for people of all ages from surviving to thriving - despite the unprecedented challenges and obstacles placed before them. Whether working in-person or remotely from home, each employee with their particular skillset is an integral piece of the puzzle, embracing the realization that together we can overcome anything.

As a community-based healthcare organization, we understand our strength rests in our ability to collaborate with our corporate and community partners, as well as our partners in the Woods Services continuum of care. If this global crisis has taught us anything it is that the spirit of giving and the unity it derives, drives us all to continue this critical work.

Legacy Treatment Services is proud to announce our partnership with Salem Medical Center. In an effort to provide both Salem Medical Center and Legacy's patients with integrated care, Legacy will operate outpatient care onsite to ensure continuity of care for individuals being discharged from Salem Medical Center.

Our partnership with Salem Medical Center will allow two premier healthcare organizations to provide an integrated and seamless service modality for patients meeting both their behavioral and medical treatment needs. The leadership of both organizations are committed to working cooperatively and engaging ongoing health care management barriers toward the shared goal of providing high quality, cost-effective medical care for the residents of Salem County.

Thank you for your support of Legacy and for reading this issue of Thrive!

Sincerely,

Roy Leitstein
Chief Executive Officer

New Outpatient Center in Salem County

Legacy Treatment Services has opened its latest outpatient treatment location in Salem County! Located at 330 Salem Woodstown Road in Mannington, New Jersey, the outpatient site is Legacy’s sixth and offers a full range of mental health and addiction services for you or a loved one. These include intake assessment, drug urine screening, psychiatric evaluations/medication counseling, mental health and substance abuse therapies. Consumers are provided with a professional, comfortable, and safe environment to ensure superior quality of care.
Like at its other outpatient sites, Legacy is providing all services at Mannington immediately using telehealth. Legacy has over 8 years of experience treating individual’s behavioral health and substance abuse symptoms through telemedicine. Individuals can contact Legacy’s Outpatient Access Department 24/7 to schedule a telehealth appointment for therapy and psychiatric services at 800-433-7365 with calls being returned within 24hrs if received after hours to determine services needed and appropriateness to our programs across locations as well as referrals.

Legacy Foundation Events

Consider adopting a family with your loved ones, your friends or business. This is a great time to come together for a wonderful cause. Large or small companies, auxiliary, civic, schools, and community organizations can all bring a smile to those who feel society has forgotten about them. You may request a family wish list by emailing generationsfsc@legacytreatment.org or simply call 609-288-3441

You may also donate $150-$250 to Adopt-a-Family and Legacy staff will shop for you! Checks can be made payable to The Legacy Foundation.

Send to 1289 Route 38 West, Suite 203, Hainesport, NJ 08036 or make your contribution here by December 18th.

For those youth who reside with us at Legacy and
Community Treatment Solutions receiving treatment and therapy in our Adolescent Residential Services Programs. We are asking donors to please provide unwrapped gifts by December 18th.

**Legacy Golf Classic**

The 2020 edition of our Legacy Golf Classic was a phenomenal success. Held at the Union League National Golf Club on October 6, the event sold out and raised funding to help children and families in need with a myriad of behavioral and mental health diagnosis.

---

**Back to School Drive**

Local companies and individual donors provided hundreds of back packs and a huge amount of supplies to children for the Legacy Treatment Services’ annual Back to School Drive.

Students of varying ages in multiple Legacy programs were the beneficiaries of notebooks, crayons, binders, highlighters and back packs as they prepared for the start of the 2020-21 school year.

Ride to Thrive

The 2020 Legacy Foundation Ride to Thrive was a HUGE success with cyclists from around the tristate area joining us for the first outdoor ride of the season. See more about our event here!

To reserve your discounted (for a limited time) spot for next year, go to www.legacyridetothrive.com.

Justice's Court

For six years, Carie McCay has headed her PBA 249 Burlington County Corrections Officers group’s efforts in staging an annual spring basketball game against Legacy’s Mary A. Dobbins School students and group home youth, while also providing a barbecue, t-shirts and personal care items.

However after viewing the condition of the aging outdoor basketball court on Legacy’s Children’s Home Campus last spring, McCay and her ministry Carie Cares decided to take her philanthropy to the next level. See more about this story on the Legacy website.
